

# EXTRA V-BELT

An affordable solution for many industrial applications

## MEGADYNE EXTRA

*An affordable solution for many industrial applications*

Megadyne is constantly striving to be competitive in the market; for this reason, in the applications where the price to performance ratio is most demanding, Megadyne suggests EXTRA

EXTRA are wrapped V-Belts, manufactured in polybutadiene compound, designed to offer durable and reliable performances on light and medium-duty drives. EXTRA are "environment friendly": all the compound elements are halogen-free and RoHS compliant.

## EXTRA RANGE

### NARROW WRAPPED

PROFILE	SECTION	EXTERNAL LENGTH RANGE (mm)
<p>SPZ</p>	SPZ	500 - 3563
<p>SPA</p>	SPA	675 - 4768
<p>SPB</p>	SPB	1272 - 8022
<p>SPC</p>	SPC	2030 - 12530

### CLASSICAL WRAPPED

PROFILE	SECTION	INTERNAL LENGTH RANGE (mm)
<p>Z</p>	Z	410 - 2489
<p>A</p>	A	457 - 5477
<p>B</p>	B	570 - 16992
<p>C</p>	C	858 - 10733

## STRUCTURE

### ① **FABRIC: Cotton/polyester fabric**

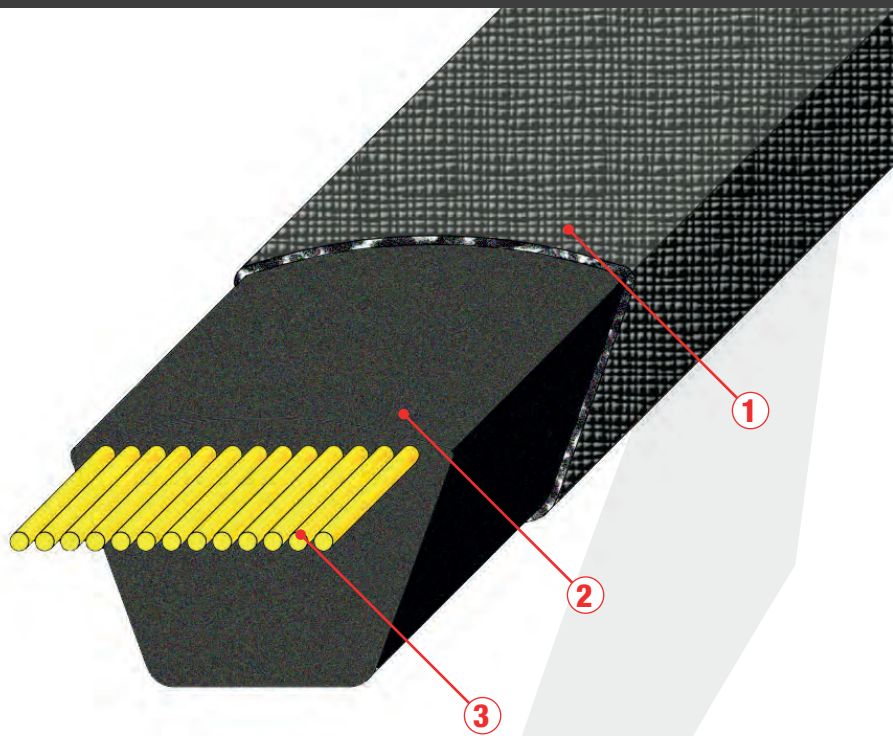

permits the use of a backside idler

### ② **BODY:**

is made of a special rubber compound which provides high transmission efficiency.

### ③ **TENSILE CORD: H.T. Polyester**

consists in high-strength low stretch polyester cords.

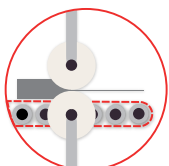

## MAIN FEATURES

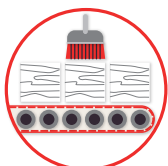

- smooth starting and running
- wide range of driven speed
- extremely wide horsepower ranges
- vibration damping between driver and driven pulleys
- no need for lubrication
- long service life and low maintenance
- universal usage possibilities
- antistatic properties according ISO1813
- EXTRA belts working temperature: -30°C/+80°C

## INDUSTRIES

Thanks to their versatility, EXTRA represent an affordable and classical solution for many industrial sectors, such as:

Aluminum  
Extrusion

Ceramic, Glass,  
Brick & Stone

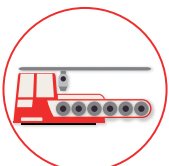

Commercial &  
Domestic Appliance

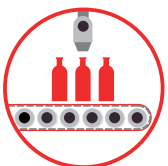

Construction &  
Heavy Industry

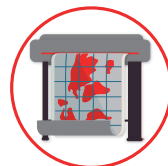

Lawn and garden,  
agriculture

Machine tools

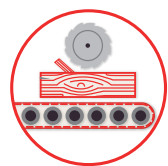

Packaging

Paper & Print

Textile

Wood

## About Megadyne

Founded in 1957 in Mathi, Italy, Megadyne is a leading global manufacturer and fabricator of power transmission, product handling, materials handling and linear positioning belts, hose and metal products.

With manufacturing operations in Europe, Middle East and Africa (EMEA), Asia Pacific (APAC) and the Americas, Megadyne is well poised to be your partner.

From a broad selection of materials and processes, we service over 20 major industries offering high quality product, outstanding service, technical support and state of the art logistics to ensure we develop the right product for your application and have it at the right location when you need it.
