

VERTICAL FORM-FILL-SEAL BELTS

MADE TO STOCK

Megadyne offers an extensive line of Vertical Form, Fill, and Seal (VFFS) belts which are extensively used on packaging equipment for food and pharmaceutical products. Our **NEW STOCK LINEUP** has the common sizes of VFFS belts supporting popular VFFS packaging machines. Specific equipment manufactured products can be crossed to improve order time.

Process enhancements, skilled personnel, a can-do attitude and ongoing capital equipment investments enable Megadyne to stay at the forefront of new design developments and solution delivery to customers across the spectrum of industries we serve. In addition to materials and process selection of the base belt, Megadyne can fully customize our belts with the following machined modifications:

- Holes/Perforations
- Custom shapes
- Slots
- Tooth removal
- Grooves
- Back grinding
- Vacuum Countersinks
- V-Guides
